Darci Lang
Focus on the 90%

Over the past 18 years, Darci has shared her message, Focus on the 90% with numerous people across the country. The message is simple; you have a choice when it comes to your attitude, professionally and personally. The choices you make affect yourself and your team.

Darci's one simple tool will change the way you view your life. Throughout her humorous and thought-provoking presentation Darci asks, "Where do you focus your magnifying glass? Do you focus on the 90% that is positive in your work, with your co-workers, with your clients, with family and friends or do you focus on the 10% that is not positive?" Darci challenges you with the fact that we **do** have a choice in how we view our lives. This idea of seeing the positives in their lives is something that we all know works. We know we should do it more but the ultimate challenge is ... are we doing it? And if we aren't, how can we start to see our lives and those around us in a more positive way?

Darci Lang is proud to call Regina home. She is an entrepreneur three times over, a professional speaker, a Best Selling author, a wife to Darren and a Mom to eight year old Jayda and seven year old John.

She has won The Saskatchewan Woman Entrepreneur of the Year Award and an Achieving Business Excellence Award. Darci has also been a finalist in the Canadian Woman Entrepreneur Awards, The Young Entrepreneur of the Year Awards and nine other nationally recognized business excellence awards.

Darci is truly someone who "Walks the Talk".

There is no charge for HDI Regina members.
